

Hi, we're Pocketpills, Canada's online pharmacy. We're here to make your life easier.

Through our easy-to-use app and website, you can fill prescriptions and consult with pharmacists—wherever and whenever you need!

Why choose Pocketpills?

Free delivery Members enjoy FREE delivery anywhere in Canada*. Your medication will arrive directly at your doorstep in discreet packaging.

Live pharmacy support Our pharmacy team is standing by to answer your questions 7 days a week. Get in touch by phone, text or email.

Automatic refills & renewals Set it and forget it—we'll deliver your refills automatically and contact your doctor when you need a prescription renewal.

Care for family members The Caregiver feature allows you to manage medications for everyone in your family, from children to grandparents.

Medication management You'll never miss a dose with PocketPacks. Your medication comes pre-sorted by date and time of day.

Make the switch to Pocketpills today!

Signing up is fast and easy—it only takes a few seconds. Visit app.pocketpills.com to get started.

*Pocketpills may be restricted from delivering controlled substances and narcotics in your area.
